

Data Hub Q1.3 2026 RELEASE NOTES

The GS1 US Data Hub Q1.3 2026 Release features an exciting new update for GS1 US Data Hub | Location View/Use and some improvements to My Products & Barcodes.

Enhancements

Location View/Use

- Locations & GLN Bulk Search
 - A user may upload a list of GLNs or addresses into GS1 US Data Hub View/Use and receive an output file with search results for each. (Requires GS1 US Data Hub Export Add-On)

My Product & Barcodes

- Attribute and Attribute Value GPC codes may now be added/updated in the Data Hub user interface.
 - Autocomplete functionality removes the need to leave Data Hub for the GPC browser.
- Unit of Measure now features an autocomplete functionality containing all acceptable values.
