

GS1 US Data Hub 10/30/2024 RELEASE NOTES

GS1 US Data Hub allows you to identify, create, manage, share, and verify product and location data through one convenient platform. This update delivers a key update for all Create/Manage users, as well as a small enhancement to View/Use for Brand Owners wanting to view their own data.

Enhancements

GS1 US Data Hub

- *GS1 US Data Hub | Product Create/Manage* and *GS1 US Data Hub | Location Create/Manage* roles are now unlimited for all users. You can now assign as many roles as you need to manage your products or locations.

GS1 US Data Hub | Product

- Users with both Create/Manage and View/Use access will now be able to view their own products as a 3rd party would see them in View/Use.

GS1 US Data Hub | Location

- Users with both Create/Manage and View/Use access will now be able to view their own locations as a 3rd party would see them in View/Use.
